PHP

Node.js

WooCommerce

Shopify

Redis

Senior Backend Developer

Nov 2021 - Jun 2022

Develop Now / Hungry Now, Bangkok, Thailand

- Built and scaled backend for food delivery platform serving 1,000+ daily orders using Laravel, MySQL, Node.js, Socket.IO
- Designed 20+ RESTful APIs consumed by web and mobile clients
- Architected real-time driver location tracking with Socket.IO, supporting 500+ concurrent connections

Laravel

Node.js

Socket.IO

MySQL

Senior Full Stack Developer

Dec 2020 - Sep 2021

BuzzTags, Bangkok, Thailand

- Managed a real estate application platform, creating white-label websites for partner companies
- Led a team of 3 developers, overseeing end-to-end project delivery

PHP

React

Vue.js

TypeScript

MySQL

AWS

Mid PHP Developer

Aug 2019 - Nov 2020

Befeni GmbH, Bangkok, Thailand

- Developed full-stack production management system with Laravel, Vue.js, MySQL, tracking 5,000+ garment orders
- Integrated 3 mail and payment modules, reducing order-to-delivery processing time by 30%
- Built Cordova-based mobile app for barcode scanning, used by 50+ factory staff

Laravel

Vue.js

MySQL

Cordova

Junior PHP Developer

Mar 2018 - Aug 2019

TR Cloud, Bangkok, Thailand

- Contributed to cloud-based accounting system serving 200+ business clients, implementing 30+ features
- Resolved 100+ bugs and delivered features consistently under tight deadlines in agile environment

OPEN-SOURCE CONTRIBUTIONS

PDFMe ★ 4.1k

TypeScript/React PDF generation library

- Implemented CMYK/RGB color space support for print-ready output
- Added PDF image embedding and text formatting
- Built output intent profiles for PDF/X standard compliance

IoRedis for Dart ★ 7

High-performance Redis client for Dart, authored from scratch

Dart On Dox ★ 28

Full-featured backend framework for Dart, inspired by NestJS/Laravel

Search JS ★ 5

Lightweight, framework-agnostic instant search UI component

Country List ★ 59

Comprehensive country dataset with dial codes, flags, and metadata

Flydrive Azure Driver ★ 5

Azure Blob Storage driver for Flydrive, with AdonisJS V6 integration support
